Special projects are taken on as needed to meet the needs of the community

Membership

Membership to the Brookfield Junior Woman's Club is open to all women of Brookfield and surrounding communities. In existence since 1967, the Brookfield Junior Woman's Club is composed of professionals and homemakers alike. We enjoy monthly general meetings year-round to keep in touch with one another and keep our annual projects moving along. New members are fostered through our mentoring program. New friendships and contacts within the community are developed through members volunteering their time and talents to help with our very popular community events. Members are also provided with many opportunities outside of club events to socialize with one another.

The Benefits of Becoming a Member

A fellowship with area women who share an optimistic outlook on the strengths of our community and a vision for what our community can become.

A family friendly opportunity to provide service to others (most, but not all, of our members have school aged children). New social and working relationships with individuals from all parts of our community.

An opportunity to leverage or develop leadership and project management skills by chairing one of many club sponsored programs.

The satisfaction of making a difference in the lives of children and families as well as in our community.

For more information, please see the club's web site at **www.brookfieldjuniors.com**
